Quality by Design

**PARTNERING TO PROVIDE INDUSTRIAL FURNACES, HEATING SOLUTION FOR INCINERATION & PROCESS PLANTS**

**INDOMEN ENGINEERING SERVICE**

## About us :

Indomen Engineering service has been in the field of industrial furnaces over a decade.

'It has more than hundred successful installations of furnaces in reputed engineering industries in India. The organization has a strong setup of in-house design, using 3D-CAD system'. It has a strong network of manufacturing backed up by stringent inspection and quality control. We also have a good team of erection commission engineers.

We have designed and supplied successfully various types of oil, gas fired and electrical furnaces.

Indomen engineering service provides a complete range of services to help in achieving optimal product quality and efficiency from existing equipment's. We have the knowledge and experience to help to help in saving and enhancing product quality.

We also undertake revamping / retrofitting of existing furnace with modernized solution. Indomen engineering service also provides technology & undertakes incineration plants, galvanizing lines, bright annealing of stainless steel, annealing pickling lines, color coating lines etc.

## Furnaces for steel / aluminum / forging/casting / fastener / automobile industries

### BATCH TYPE

- Bogie Hearth Furnace
- Chamber Furnace
- Pit Type Furnace
- Belt Type Furnace
- Salt Bath Furnace
- Drop Bottom Furnace

### CONTINUOUS TYPE

- Cast Link Belt Furnace
- Mesh Belt Furnace
- Shaker Hearth Furnace
- Tray Pusher Furnace
- Roller Hearth Furnace

### PROJECTS FOR PROCESS INDUSTRIES

- Plant for coal chemicals
- Plant for soft coke
- Product/Energy from renewable resources
- Galvanizing line
- Annealing pickling lines
- Color coating lines
